

the feeling of nature's art
to know a bird survives
to not pick man's bones

III

We coexist, we let
the species live and affirm
our attempts at life is
real and valid.

By now I've realized the day I am released will
be a momentous event, it'll be indeed a new world to jump
right into.

I saw the extern about my cold and he took me off
Dimetabs (Dynatabs?), said they might precipitate my
asthma, but did prescribe some sort of aspirin. I asked him
what sort of psychmeds I was getting, but he claimed he
didn't know what it was, which is probably the truth,
said my lungs were clear though.

Weekends are the lonliest time around here, there is no
means to entertain yourself with "classes", i.e. O.T., so you
get by as well as you can with TV, pool and radio.

Goodbye II

We see each other
stand together miles away
in feeling, we fight to
hold back anger and
black hate rushes, it is
love reversed from past
joy, a joy we shall never
attempt to again gain
