

sink ankle deep in  
freedom

III

Freedom is the law  
of our kingdom, It's  
domain our land,  
It is fragrant in our air  
we breathe it constant  
Why do I suffocate?

.....

We all love sunny afternoons  
Sitting around a fishing pool  
Don't cost much to heat our songs  
Just gotta bring your head along  
and say

La,La, La, La,

Most of the time we feel down  
there's pretty people playing as clowns  
Ain't got a chance for you to come around  
Just have to go see you downtown  
and say

La, La, La, La,

Once had me friends in a money bar  
And relized they were playin' real hard  
Don't need no friend like them that you know  
Should have seen the right time to go  
and say

La, La, La, La,
