

they tried to make me
tinker at a hopeless
useless trade,

they said they
couldn't really believe
me 'til I had a million made

she walked in with
inspiration smiling
like she should
she even understood
that with us it's understood

I used to go out wandering
with Jupiter and Mars
they told thier funny story
jokes in superstitious bars
no I'm waiting
patiently thinking
about some cars
they sell them all for free
to my favorite movie stars

Feb 27 - I start phy ed today and it should be just what I
need, maybe I'll become another body beautiful or something.
I'll see my therapist today and we should get something funny
out of that.

Yes, indeed, he asked me a mess of embarrassing questions
about sex, some of which I enjoyed, some of which I had to
question as they didn't jive with my philosophy, anyhow he
believed sex and love should somehow be equated while I
