

her and ran into embrace
that old love
In your room you
see old stuff animal
that's been with you
for years and you wonder why
Flying soaring we
await these times and
the time it will be forever
flying for real

Mar 1 - It did come in like a lamb, It's a rainy
morning and I like like it stiff and mean and that is how
I feel, but I feel good anyway. I had to park illegally today
so I hope I don't get a ticket, they really should have as
many spots for free as they are expecting people. Got no
ticket, but did move car.

R was in the lounge today after MT group and really
gross as hell and putting on some chick in the coffee shop
at a distance. It was sort of fun to feed and produce him
some lines, but he was super direct and gross. Not that he has
no class, but he broke the monotony.

Sun struck lakes
blue sky canoeing
by on any lake
Sitting on the
bottom with your
head out shapless
faceless figures fly
from the bushes
