

man and woman  
and themselves  
Unknowing they trample  
earth and man alike, they  
cannot get down on me

Mar 21 - Have to see a Mr. S. in Garland Hall about the major,  
He's sure to O.K. it.

$\frac{1}{2}$  of the week is gone thank goodness. I hate  
it already, but that's to be expected haven't been feeling  
the need for any physical care at all. Time goes by fast at  
work though.

Mar 22 - Yeah, another big \$16.00 dollar check from Clark.

What do you call  
our transaction  
mother head?  
Is it fun to win  
all the time, and  
send me to bed without  
supper?

I could play father  
and take away  
your child and make  
you cry, you would  
feel something new  
Would you still  
be my friend?
