

True romance
recollections of
where John told Marsha to
get fucked hit
me - I told a real person,
I guess I just
get the hurt later

II

And like a little kid
learning himself
I got the blues
ye - the blues, and like a
regular person
really lived them
and it finally hurt

III

It equalizes in
these situations I
guess, both parties
get to feel the same
aleness and hurt

Apr 5 - Worked with those old weights and told myself
after I worked for five minutes decided I should just hold
it for awhile it feels good to start and hold for awhile.
