

Get on a street corner honey  
Mouth full of rock& roll  
Get on a street corner honey  
Mind built on media control  
Get lost on drugs you moron  
That's what they'll give you honey  
Get lotsa money idiot  
That's what they'll give you honey

This town ain't got a soul  
And I know it's you and me  
Nirvana's the party fool  
And I know it's you and me  
But I know where to  
Point the finger  
Take time to find out why  
I know where to point  
the finger  
God put you here to fly
