

Quick necks and sparkles of black  
In gray autumn light. The  
Cool still pushes insensible in  
The new northern air, and now  
Five crows define timelessness  
Working thier quick necks, pushing  
Pulsing tanned ivory beaks through  
The still cushion of the same color.

We define this scene ordering  
Your purgatory, jealousy guarding  
The eternity as a wirey bitch the litter.  
Calvary glows important now -  
Freedom charted by the apostles  
Collaged for comprehensibility. The  
Dissected sacred blood flowing porclain  
Heart of Jesus templed for the natives  
In the Andes, the lithographic  
Drops of blood on the two dimensional  
Forehead, The long angelic  
Index finger pointing to the fountain,  
The heart exposed wrapped in purple  
Ribbon and thorny cord, the gold  
Edged gown and beneficent flood.

I want to earn the luxury of  
This gray light and obvious harmonious  
Park. Souls piled in the abyss like  
Needle carpet under pines for the foetid
